

ECCENTRIX

Skills development is the ultimate solution for your career growth!

Eccentrix is your corporate training solutions provider. We are an accredited organization for the delivery of Microsoft, EC-Council, CompTIA, and PeopleCert trainings.

About Eccentrix

Since 2011, Eccentrix has been providing technology skills enhancement for solutions-driven businesses. Our mission is to promote the importance of continuing education to computer users and professionals through many programs we have implemented and improved over the years.

Our goal is to offer quality and up-to-date training courses, while following the latest trends in technology and applications. Whether you are small or large company, Eccentrix can offer you training programs based on your needs to efficiently introduce, smoothly operate, and optimize a new solution or technology.
